

The Rotary Club of Daylesford

GROWING AND LEARNING TOGETHER

Part 1 – Nurturing Children and Literacy Education

To the Family of the Newborn,

The Rotary organisation is an international body that is committed to community development and the care of its members, the importance of family and extending the life opportunities of people around the world.

The Rotary Club of Daylesford is part of this group and we have recently developed the “Growing and Learning Together” project so we can put these beliefs into practice in our own community.

Since April 2004 we have distributed over 300 packages to new born babies in our community and take pleasure in making this presentation to you.

We hope that the pamphlet will be a useful resource as you tackle the rewarding, but most times very difficult task of parenting, and that the book will bring great joy to you and your baby.

We also hope that this initiative will contribute to the development of a lifelong love of books and reading and contribute in some small way to your child’s preparation for school.

Congratulations to you all at this very special time!

Yours sincerely

President Victor Szwed and members of the Rotary Club of Daylesford.
